Principal James Laminack

Four years ago the Class of 1989 began the long climb toward graduation. It has been my pleasure to share your four years of joys and accomplishments with you.

Recorded in this annual, you will find the record of your last school years. You carry with you your accomplishments which have prepared you for later life. May all of you reach the heights of which you are capable.

May I ask that you "create the kind of self you will be happy to live with all your life." I wish only the best of health and happiness for you.

James M. Laminack,
Principal

Got big plans after graduation?

A job. More school. Marriage. Travel. Chances are whatever you're planning will require some thought. And some money management.

That's where Central Bank comes in. We have a full range of financial services from credit cards to checking accounts. Loans and investment plans. And most offices are open on Saturdays because we realize that you've got big plans during the week.

After graduation plan on Central Bank. Member FDIC

Keep it simple. Centralize.

We're Giving Out
College Credit.

You don't have to be a finance major to know the cost of a college education is still on an accelerated course. But AmSouth has credit plans that can help.

We have competitive rates and flexible loan plans for students at all two-year and four-year technical colleges and universities.

Undergraduates can get up to \$2,500 per year. Graduate students can get more. And repayment doesn't start until you're out of school.

So don't let the cost of school keep you from learning the value of an education. Call or visit AmSouth soon.
