ALMA MATER

By old Cullman's northern Border
Reared against the sky,
Proudly stands our Alma Mater
As the years go by.

Forward ever be our watchword,
Conquer and prevail,
Hail to thee our Alma Mater,
Cullman High, All Hail!

BEING

*“Once in a golden hour I cast to
earth a seed, up there came a
flower, the people said a weed.”
Alfred Lord Tennyson*

LIVING

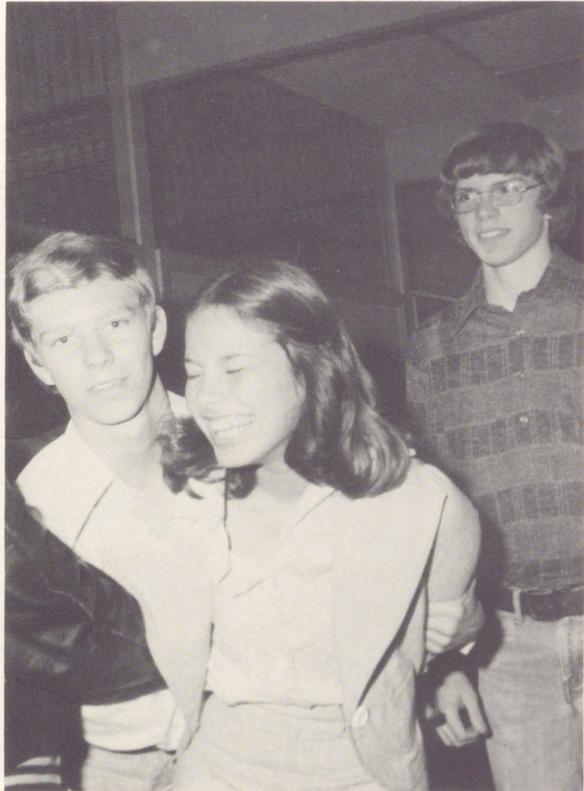

*“Reach out to the world
to know
to grow
to love
to say yes to life
to risk finding your real self.”*

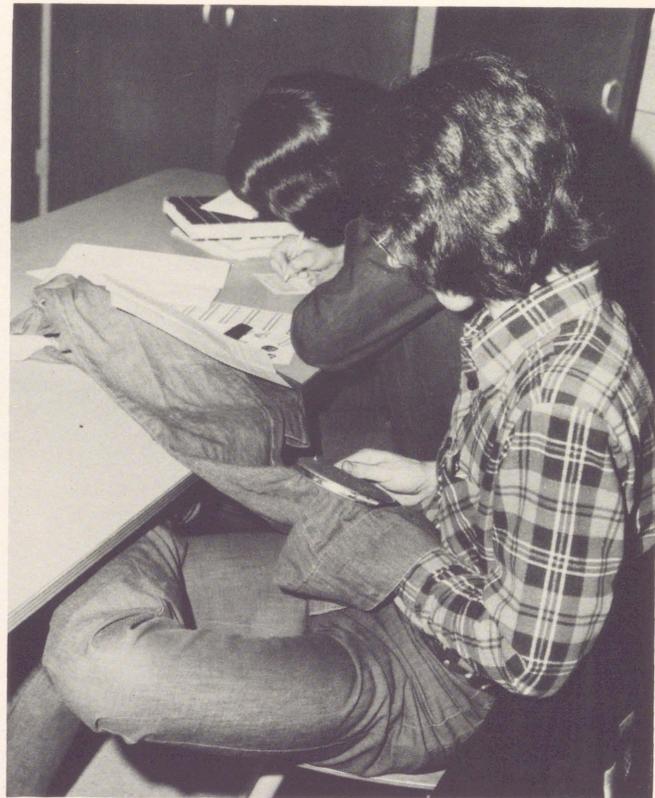

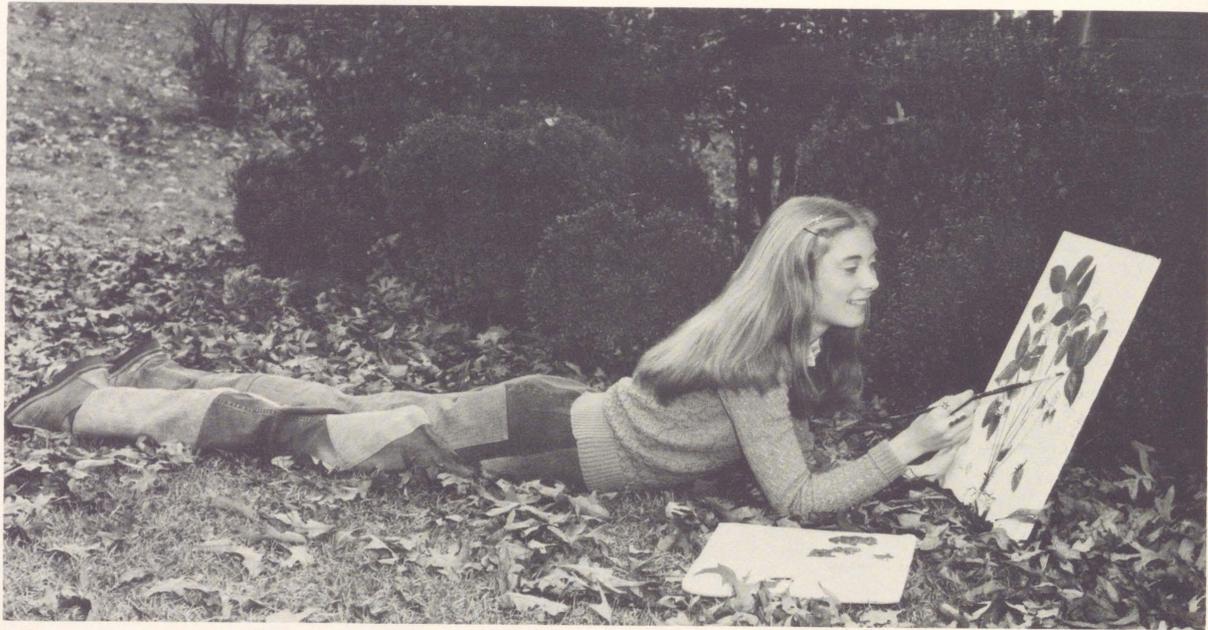

He only lives

who enjoys life.
— Menander

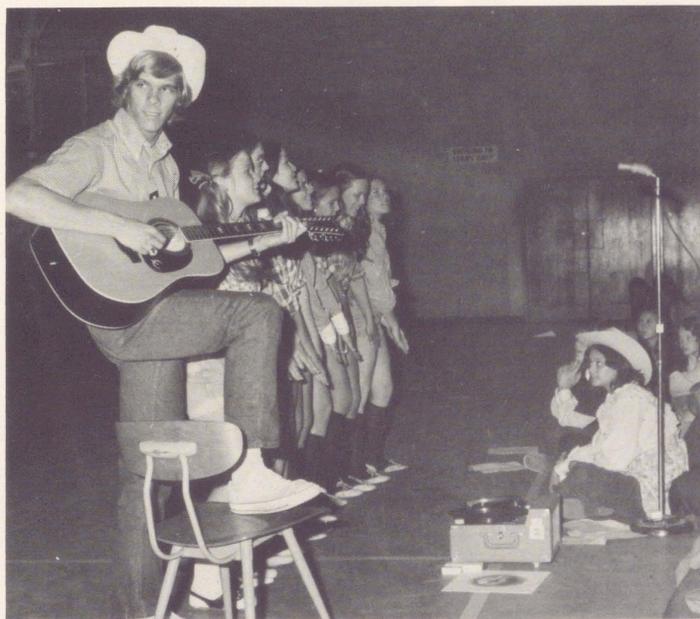

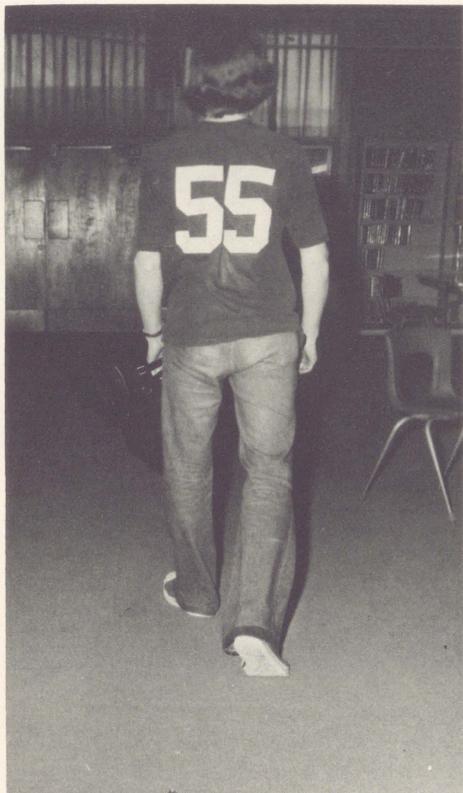

As we advance in life, we learn the limits of our abilities.
— Froude

Only one thing matters — that wherever we go and however we go, we hear the music of life.

— Theodore Fontane

AFS 1974-1975

Our 1974-1975 AFS student is Julie Elizabeth Castillo from Caracas, Venezuela. Since her arrival in Cullman this summer, Julie has been living with her American family, the Peter Nassetas.

Julie is a member of the Tennis Club, volleyball team, girls' chorus, and an honorary Key Club sweetheart.

In her spare time she enjoys knitting, cooking, and skiing.

International Relations Club was formed in 1962. The 35 members of this club learned about international problems and tried to arrive at better personal relations. They also learned about cultural backgrounds through the visits of different speakers.

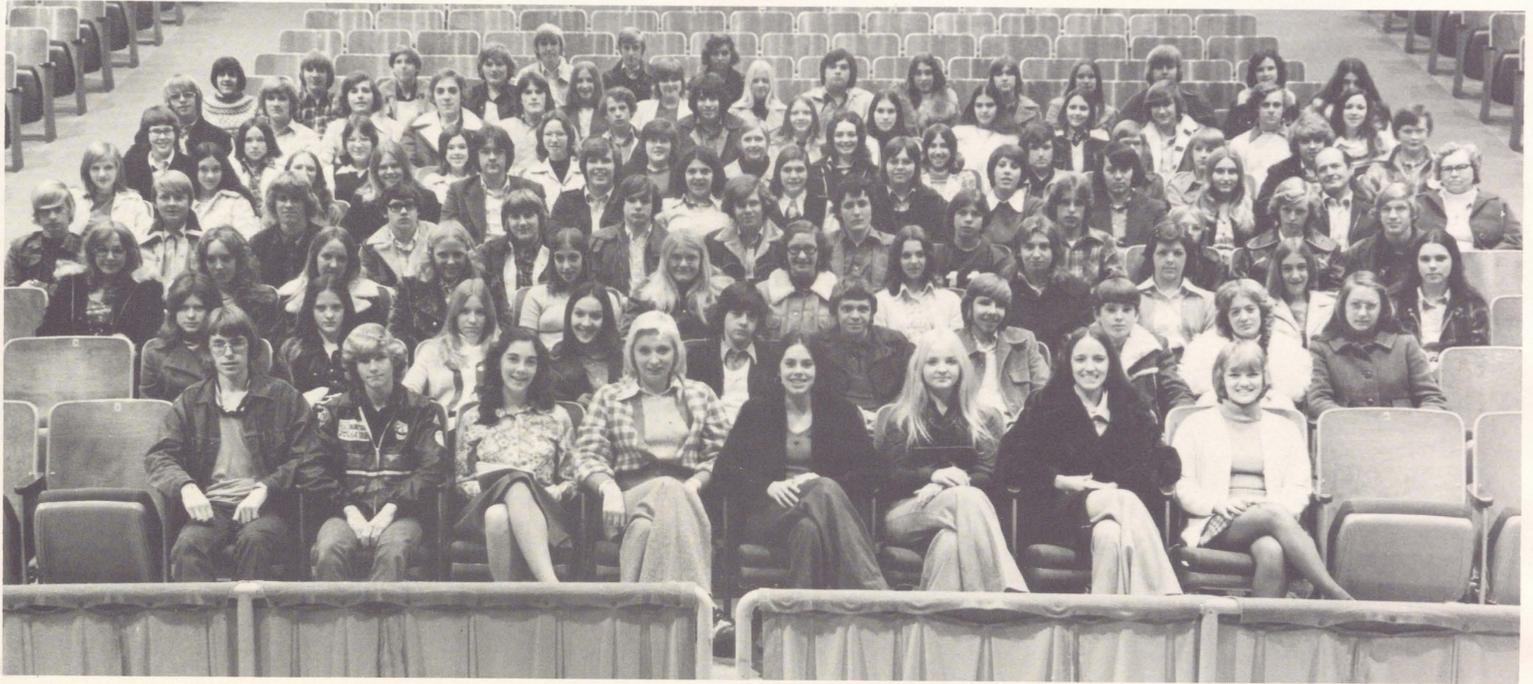

Spanish

The customs and traditions of Spain and Mexico are studied by the Spanish Club members. The 11 members planned various activities, such as a Christmas party and a trip to Birmingham. They also attended the Spanish Club Convention.

German

German Band

The German Club, formed in 1965, was one of the larger clubs with a membership of 99. The club's meetings consisted of skits and readings "auf Deutsch" and slides concerning the German speaking countries. The members planned two major social events: a Fasching Party and the German Banquet. A German band and chorus, formed by some of the members, performed at a few of the meetings and also at the PTSA Spaghetti Supper.

French

The French Club, consisting of ten members, had its beginning in 1956. The club's objective was to promote a better understanding of the French by studying their arts, economics, politics, and history. The club also strove to better unite the students who studied French.

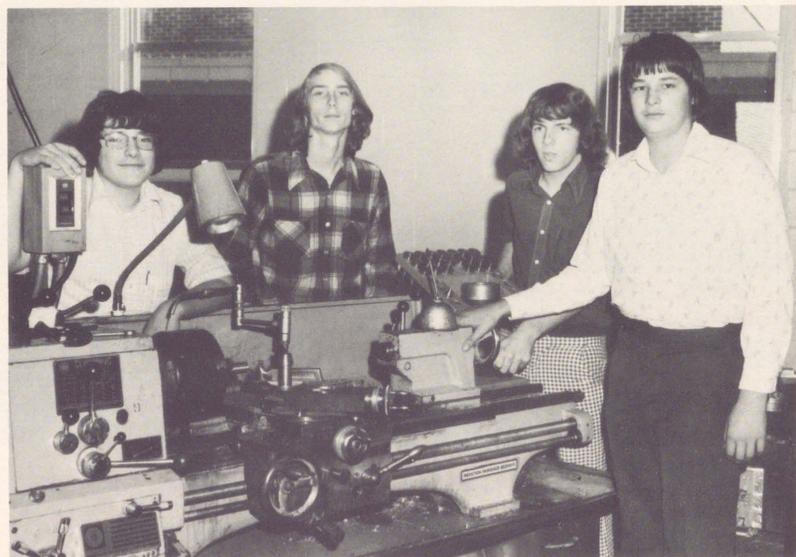

Area Vocational School

Fifty-six students leave school at 12:20 everyday to go to the Area Vocational School. These students are training in a variety of fields, such as secretarial work, mechanics, refrigeration and air conditioning, child care, radio and television, and horticulture.

To my fellow students:

A yearbook is a diary and a history book. It must record the events of the school year for today, and it must contain the information that will make it a history book when you look at it tomorrow. A yearbook should be able to stir up memories and make those memories real.

The annual staff doesn't create the yearbook. You, the students, are the yearbook - we only plan for it and put it together. Putting together a yearbook involves trying to include as much as possible within the limits of our budget, eliminating material that may not be typical of student life at CHS. This year's staff has faced the problems and disappointments that every staff must face, and I hope that we have acquired the two most valuable lessons of any group project. These are cooperating while working with others and learning to fulfill individual responsibilities.

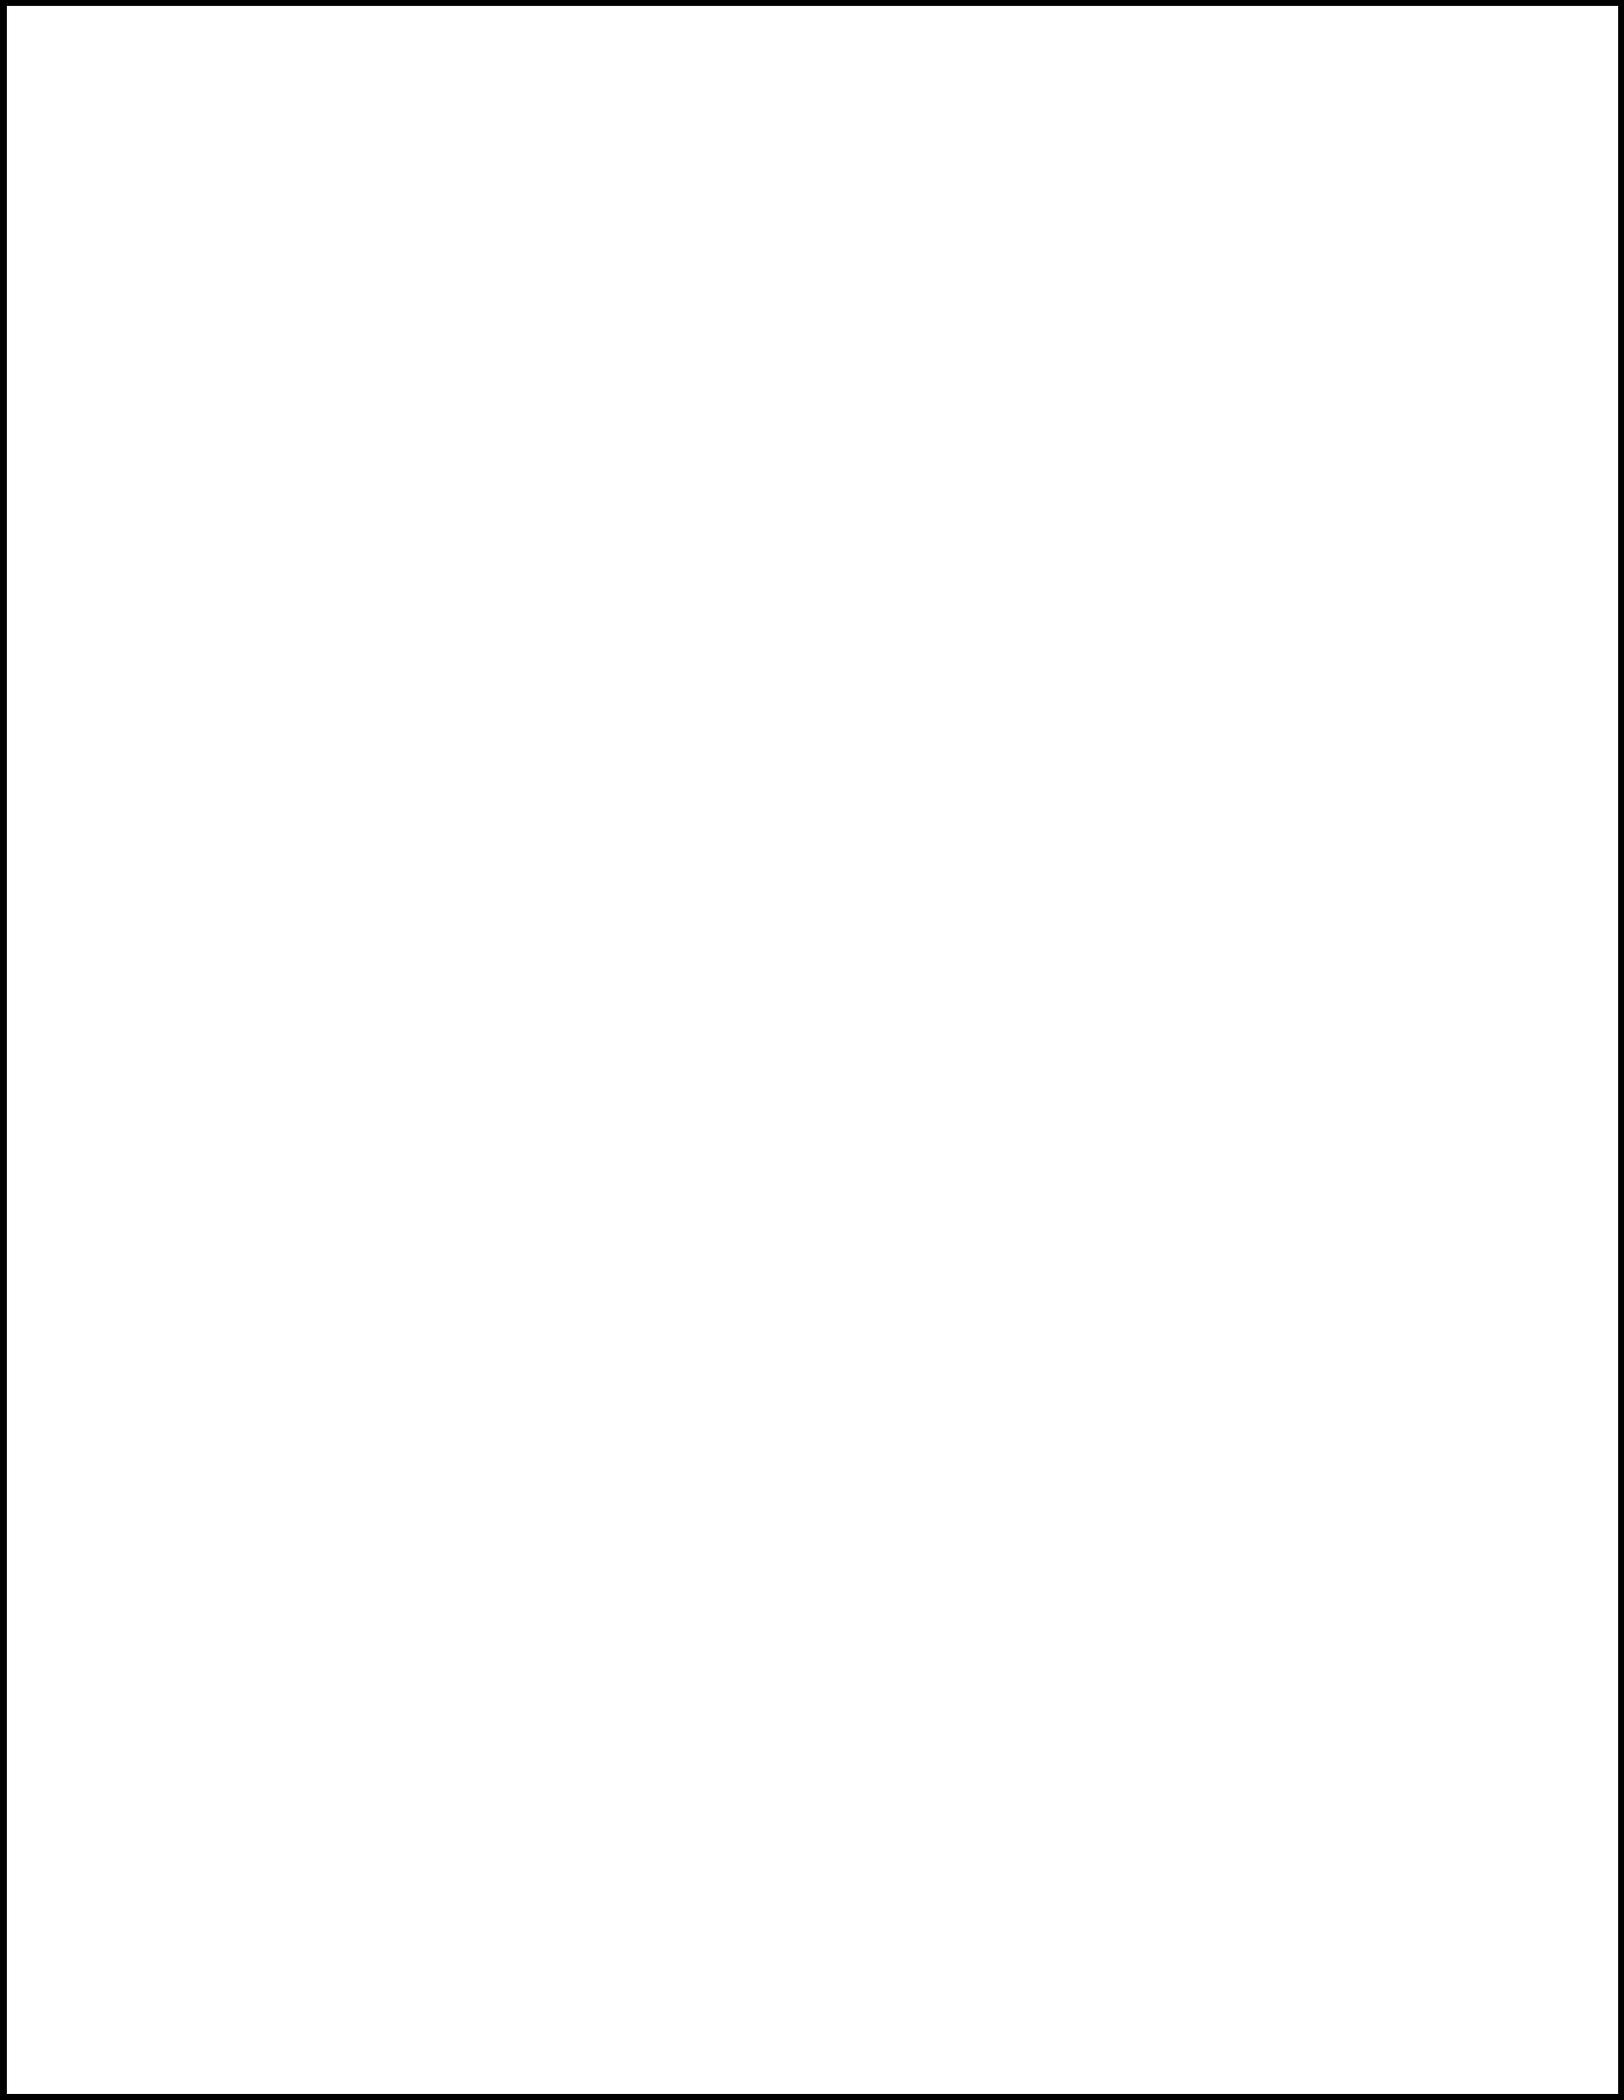

It has been said that something can be gained from each day of your life. Drawing from the experiences of this year, I am sure you will find promising hopes in every tomorrow.

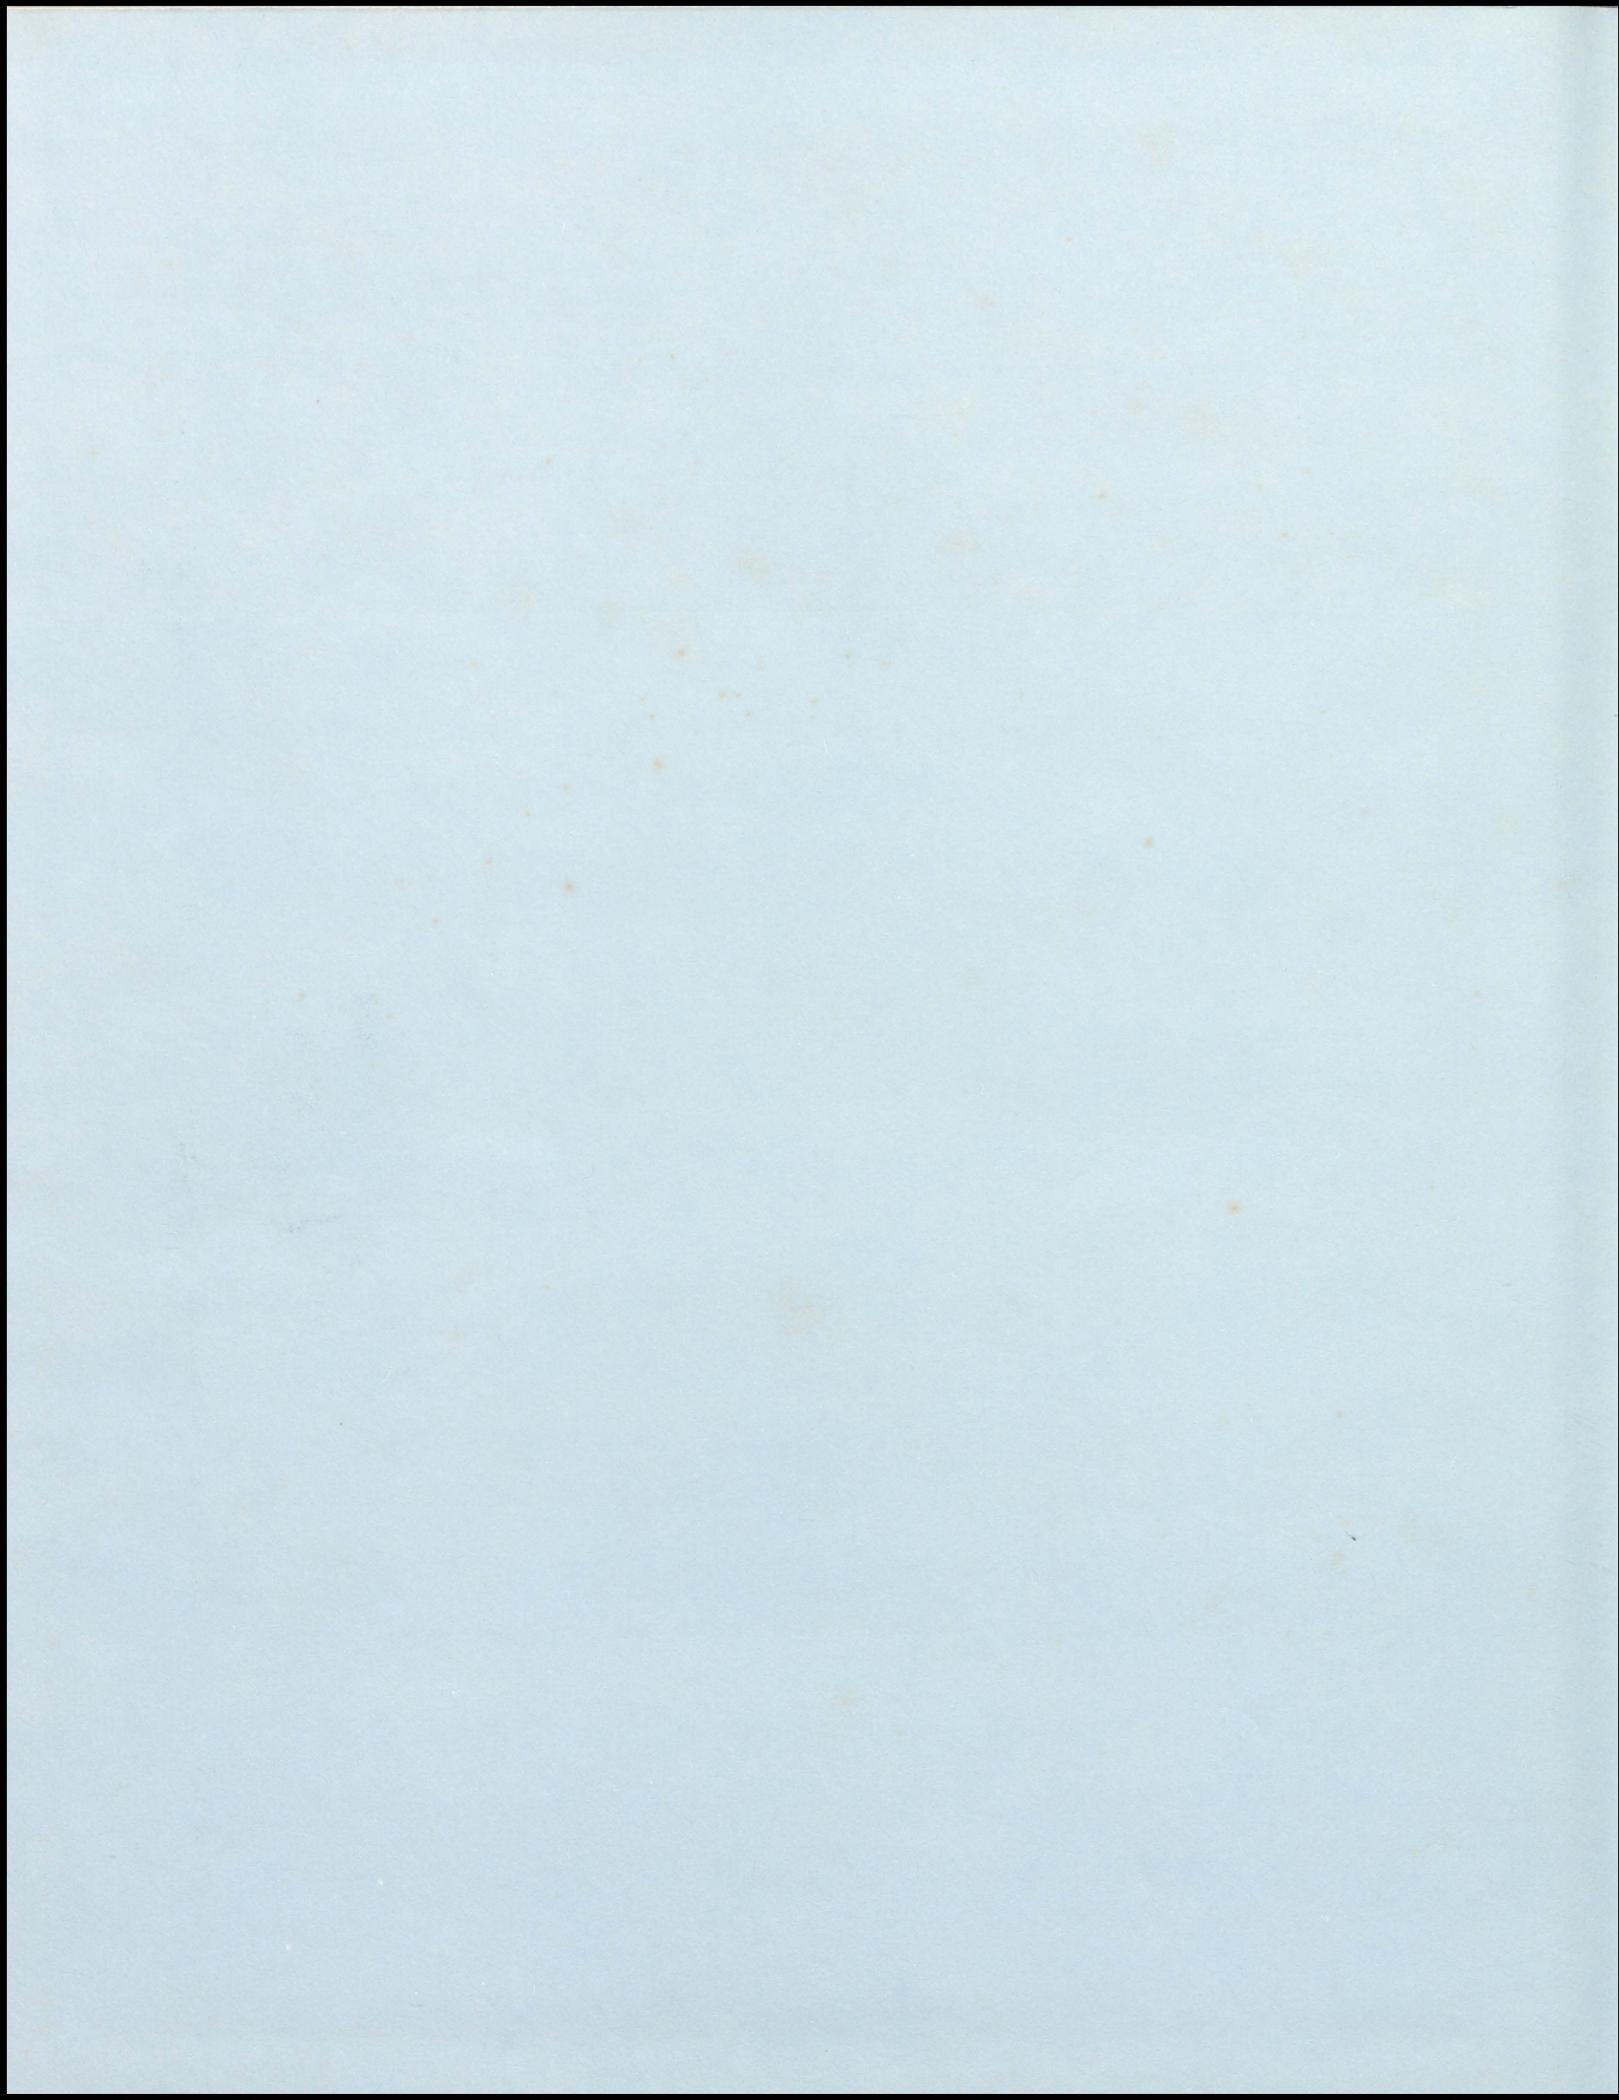

"This is not the beginning of the end, but the end of the beginning."
