# We're Giving Out College Credit.

You don't have to be a finance major to know the cost of a college education is still on an accelerated course. But AmSouth has credit plans that can help.

We have competitive rates and flexible loan plans for students at all two-year and four-year technical colleges and universities.

Undergraduates can get up to \$2,500 per year. Graduate students can get more. And repayment doesn't start until you're out of school.

So don't let the cost of school keep you from learning the value of an education. Call or visit AmSouth soon.

*Nobody's memories are quite like yours. Nobody's class ring should be either.*

When your class ring is from Balfour it can be as unique and special as you are. Because *you* choose the style, the stone, the decoration, the engraving—to express *your* interests, activities, feelings. Your own personal class ring from Balfour. No other can express who you are so exactly. Or help you recall those special times so clearly.
