GRADUATION DAY

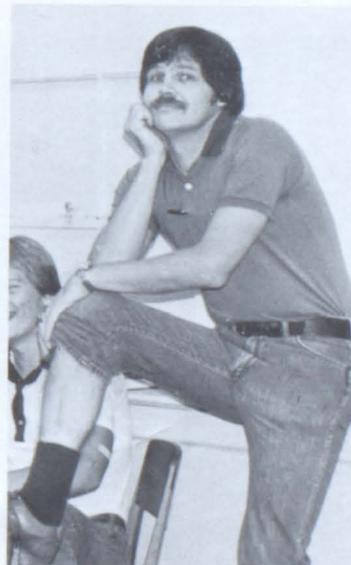

Today we'll start a new life
And we'll say our last goodbyes
To all the friends we've grown
to love
With whom we've laughed and cried
Remembering the fun and laughter,
The problems and the fears,
And watching all our memories grow
Throughout our high school years.
The Memories of the dances
And the friends that we have met
Vacations, teachers talking
And exams we'd rather forget
Yes, high school days are precious
but brief,
Where all your dreams come true;
It is not the end, but the
beginning
Of a life we'll start anew.

Class Song — Memory (by Barry Manilow)

Class Motto — Could we see when and where we are to
meet again, we would be more tender when
we bid our friends good-bye.

Class Flower — Red Rose

A decorative graphic featuring the word "Elementary" in a bold, black, cursive font. The text is centered within a white, horizontally-oriented octagonal shape with clipped corners. This central shape is part of a larger, symmetrical design consisting of multiple parallel lines that form a cross-like structure. The lines are thin and black, set against a light blue background. The overall design is clean and modern.

Coach — A teacher, a friend, a leader ... to train intensively by instruction, demonstration and practices ... to direct, or prompt ... the privilege of working with young people ... attempting to have them perform to the best of their capabilities ... coaching is working with others to create something worthwhile ... those who give time, energy, and effort can be proud of the result. One of the biggest headaches is when a player places himself above the rest of the team, refusing to reason logically about the situation ... result: closed communication lines. Each team member must strive for and work towards the team's success.
